

6 November 2010.

Dear Peter, Kaliyani, Rajammal, Dency, Christopher, Mohan and everyone at AID India,

Thankyou very much for having me these last several months. Sattankulam and the STE home have become like a second home to me, and I will certainly be back in the future. My stay here in Tamil Nadu has been wonderful, and much of this has been because of the warmth, friendliness and generosity of the people.

Keep working to humanise the Earth, and I will be back here in the future.

Love and best wishes,

Alex LoSurdo, Australia (jaye\_pony@hotmail.com).
