Hello everybody from AID India,

We are very happy we stayed at AID India for the past month. When we started with this adventure we didn't know what to expect. We started in the orphanage in Virudhunagar and we had a great time there. The children were great and it was very nice to play with them and help them with their homework. We also learnt a lot of them, they gave us a lot of Tamil lessons, and even some Tamil exams! We want to thank Thangam for her great care and all the other AID India members at the Orphanage for their help and interest.

After Virudhunagar we came to Satankulam and the second we stepped inside the house, we got a good meal. Thank you Kaliyani for all the good care and very good food you provided us!

It was very nice to work in Satankulam. Everybody wanted to help us and this helped for a great experience. Thank you Uma for always helping us with buying different items like a prepaid sim card, Sai and of course all the snacks. Deha and Rajamat showed Marloes a lot of the Self Help Groups, this was very interesting and very exciting. Thank you! ~~God~~

And last but naturally not least, thank you Peter. It is great you welcomed us in your team. You were always really fast answering our million questions. The work you and your organisation do is very good and I hope that in we are happy we could be part of this.

We wish AID India the best of luck in future projects, keep up the good work!
