

Dear brothers and sisters,

The first days by AID India and in Satankulam were unlikely. But really fast I felt like a part of the family. This feeling has grown more and more. I had a really nice time with a lot of nice and unforgettable moments. In some way my stay has changed my perspective of the world. I am really glad for that!

I really appreciate all the people working for AID India. **Your** smiling faces, the laughing and the joy, the force and the peace that **your** shining to other people in **your** surrounding. I got ~~infected~~ by it!! 😊

I am impressed by the work you are doing! I saw the empowered women and all the lovely children with **your** work you change people's lives and give peace to the world. Really amazing!

Thank you for all the impressions and for being part of **your** family now!

I hope the EmuFarm will be a great success (I know it will be!) and can be a sustainable source of income for all the other activities!

Thank you very much!

See you again. I will never forget you!

With love,

Willem Jan
