

Dear all, ✓

The job you are doing here is just amazing. So many people need help and you are helping so many already! The staff here is totally dedicated to that cause of Human Rights and so welcoming to us at the same time. That's why I want to tell to all people, if they have the opportunity, not to hesitate to make a visit at AIN INDIA because it really works it and ~~in front of many difficulties~~ ~~and~~ even if you have to deal with poverty and misery, you'll leave with <sup>even</sup> more happiness and optimism about what can be the future, our future!

PEACE ; FORCE AND JOY - TO YOU!
