Dear Peter,

Thank you for everything! The last four weeks were great. My stay in Island of Hope was very good. It felt like I was a member of the big family. The family was taken good care of me. I liked it to be with the children, to play with the children, to help them ~~in ~~any way~~ necessary~~ with study or just to join them with breakfast, lunch or dinner.

I was honoured to help you and Aid India, no matter in what way. I want to thank you for your hospitality, both in Virudunagar and Sathan Kulam!

I wish you and your organization good luck and blessing from God. You will hear from me in the future!

Kindly regards,
